□ = Minimum □ = Maximum

| | | |
|---------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------|---------------|
| pH: 5.5 - 6.5 | Fertilization Recommendations: 100 - 150 PPM | EC: 0.6 - 0.9 |
| Light Levels: Shade to part shade | Water Requirements: Dry moderately between waterings | |
| Hardiness Zones: 4 - 9 | Possible Problems: <u>Insect</u> : Foliar nematodes may be a problem for gardens in susceptible areas and watch for root weevils. | |
| Habit: A small mound | <u>Diseases</u> : Root rot may occur with excessive soil moisture or poor drainage. Note : All Heucherella are rust resistant. | |
| Day Length for Flowering: Day neutral | | |

Do NOT bury the crown of the plug

Description

Small habit with dark purple leaves, a silver veil and sharply cut leaves. Multiple crowns produce pink buds and develop into delicate white flowers adding preciousness wherever it is placed. Reaching 8" high by 8" wide, 'Indigo Frost' is perfect for fairy gardens, mixed containers, rock gardens and borders.
